

# CHAPARRAL POINTE ADULT VILLAGE CONDOS NEWSLETTER, APRIL 25, 2019

The tulips are starting to bloom so that must mean that spring is indeed here! The Board has a few items to bring to your attention.

**Garden Refuse Pick-up:** Our landscaper, Steve, has again agreed to do a pick-up of garden refuse from our property. It will happen on Wednesday, May 28<sup>th</sup>. Steve says that you are welcome to include any plastic pots that you no longer need. Please put your refuse on the street in front of your unit on the morning of the 28<sup>th</sup>. Be sure to mark your calendars!

**Recycling:** It has been noticed that some items that belong in recycling have been put in the garbage bin. Things such as cereal boxes need to be emptied into the organic compost and the boxes themselves need to be crushed and put into the dry recycling bin. Salad dressing containers need to be emptied, rinsed, and put into the dry recycling. We all need to pay attention to 'what goes where'. If you are uncertain of where to put something, go into the Calgary.ca website entitled 'what goes where'. Thanks for your help!

**Lawn Fertilizer** will be spread in the near future so please watch for a notice. The crew has done a great job cleaning up our area in preparation for the summer season. Thanks, guys!

**Gophers** have been noticed in our community again this spring. A pest exterminator has been contacted, so hopefully the rodents will soon be eliminated!
